

PRODUCT GUIDE

NUTRILITE® Cholesterol Health 10-0070

Concerned about your cholesterol levels?

Target Customer

Men and women who are concerned about maintaining healthy cholesterol levels.

Product Features

- Helps maintain healthy cholesterol levels that are already within the normal range.
- Prevents the cholesterol in the foods that we eat from being absorbed.
- Encourages the liver to extract more cholesterol from the bloodstream.

Sample Benefit

I know what you mean. A big, juicy hamburger with a pile of french fries is hard to resist. And now you don't have to because this supplement helps prevent the cholesterol from being absorbed so you can help maintain healthy cholesterol levels despite the occasional fast food burger.

Sample Testimonials

I eat right and exercise, and my cholesterol levels are good. But sometimes my busy schedule means fast food and skipping my workout at the gym. Now that I take this supplement, I feel better knowing that I'm helping keep my cholesterol under control.

Frequently Asked Questions

Q: How does NUTRILITE Cholesterol Health work?

A: The theaflavins and catechins found in NUTRILITE Cholesterol Health bind to cholesterol in the foods we eat, interfering with its absorption into the bloodstream.

Q: What are theaflavins and catechins?

A: Theaflavins and catechins are polyphenols, a type of plant nutrient extracted from tea leaves. The combination of the two create the cholesterol-binding effect.

Q: Can I take this supplement with my cholesterol medication?

A: Consult with your physician before taking NUTRILITE Cholesterol Health.
