## NUTRILITE® SLIMMETRY™

FULL-SIZE BOTTLE (180 TABLETS): 10-5348

THREE 10-TABLET BLISTER PACKS: 10-7847

Diet and exercise are crucial to weight loss and maintaining healthy weight. Now there is a product that could help you see results sooner.

### Target Customer

- Individuals who are obviously taking steps to reduce or control their weight.

### Product Features

- Shown in a 14-week clinical test to help users on a low-calorie diet lose an average of 5.4 more pounds total body weight and 5.6 pounds total body fat than those taking a placebo.
- Contains four all-natural herbal extracts that have been traditionally used in cultures around the world for their natural properties:

**Green Tea** – EGCG is found in green tea and is used in a variety of natural weight-loss products. It is believed to support a healthy metabolism.

**Yerba Mate** – Used to promote a feeling of satiety.

**Birch Leaf** – Has been used to make a tea, while birch sap is believed to have tonic qualities in Belarus, Russia, the Baltic States, and Finland.

**Coleus Forskohlilii** – Effective at aiding fat loss.

### Sample Benefit

*The addition of this supplement will maximize your results so you can begin to see the weight loss your efforts deserve.*

### Sample Testimonials

*When I was younger I never worried about my weight because just by watching my diet and increasing my exercise a bit I could easily drop a pound . . . or ten. As I got older this no longer worked. No matter what I did the scale wouldn't budge. Once I started using this product my metabolism thought I was 20 again.*

*I've always had the discipline to diet and exercise when I needed to lose weight. However, it took me forever to drop even a pound when my friends on the same diet would be losing a pound or two a week. It wasn't fair! This product allowed me to even the playing field. Now I see the scale moving as a reward for my efforts.*
