

# The Great Weight-loss Products Riddle, Solved.

When it comes to achieving and maintaining a healthy weight, there are four NUTRILITE® supplements to support different elements of managing your weight. Once you see the story of each one, it's easy to decide which NUTRILITE dietary supplements are right for you.

**SLIMMETRY**

**The Story:**

All-natural formula works to enhance fat and weight loss with a low-calorie diet and regular exercise.

- Supports a healthy metabolism.
- Supports normal kidney function.
- Aids fat loss.
- Can be taken with other NUTRILITE weight management supplements.

**Who Wants It:**

Anyone who wants to enhance their weight-loss plan.

**The Price:**

★P1140B3300Y3000 **10-5348** 180-tablet bottle **39.90**

**CARB BLOCKER 2**

**The Story:**

Lab tests show that Carb Blocker 2 may help block up to 500 carb calories per high-carb meal.

- Helps to limit the absorption of carbs from the small intestine into the blood stream.
- Can be taken with other NUTRILITE weight management supplements.

**Who Wants It:**

Anyone following a low-fat or low-carb diet.

Also for anyone who is on a low-carb plan and wants to indulge in a special meal of high-carb foods.

**The Price:**

★P1195B3470Y2980 **10-0193** 90-tablet bottle **42.00**  
 ★P401B1165Y1165 **71-8111** 10-tablet blister pack **3/14.00**

**GLUCOSE HEALTH**

**The Story:**

- May reduce the risk of insulin resistance associated with type 2 diabetes\*.
- May support the metabolism of cholesterol, triglycerides, and carbohydrates.
- Can be taken with other NUTRILITE weight management supplements.

**Who Wants It:**

Anyone who wants to support optimal metabolic function.

**The Price:**

★P1595B4625Y3585 **A-8600** 120-capsule bottle **50.85**

\*One small study suggests that chromium picolinate may reduce the risk of insulin resistance, and therefore possibly may reduce the risk of type 2 diabetes. FDA concludes, however that the existence of such a relationship between chromium picolinate and either insulin resistance or type 2 diabetes is highly uncertain.

**INVISIFIBER**

**The Story:**

- INVISIFIBER™ is a unique blend of three natural soluble fibers.
- Doesn't affect taste or texture of food.
- Fiber supports normal gastrointestinal health and regularity, which is important when you're following a low-calorie or low-fat diet.
- Can be taken with other NUTRILITE weight management supplements.

**Who Wants It:**

Anyone who wants to increase their consumption of fiber, support gastrointestinal health, or maintain regularity.

**The Price:**

★P1115B3240Y2780 **10-2736** Thirty 0.16 oz. stick packs **33.75**

**OVERALL WEIGHT LOSS**

**REDUCE CARBS**

**SUPPORT METABOLISM**

**INCREASE FIBER**
